SBE III Final Modalities

Circulated vide Railway Board's Letter No. 2024/SBEC-III/Elections dated 9.9.2024

Foreword

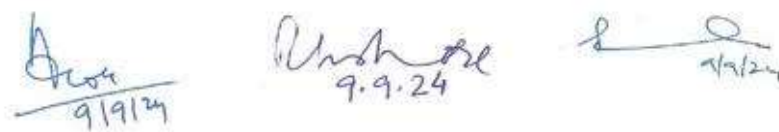

Railway Board, vide its letter No. ERB-1/2023/23/60 dated 17.11.2023, constituted a 'Secret Ballot Election Committee' (SBEC) for verification/recognition of Trade Unions, with the undersigned as members. A copy of the letter is placed below.

The Committee started its work as per the 'Terms of Reference', by calling for views and comments from all the stakeholders and we are happy to state that about 350 suggestions were received from over 40 registered Trade Unions.

The Committee visited Chittaranjan and Kolkata and held discussions with General Managers of CLW and Metro Railway, Kolkata. It held intensive meeting with PCPO, CLW and his team and all the registered Trade Unions' office bearers, in view of the fact that SBE is to be held for the first time in CLW. It held day-long meeting with PCPOs of Eastern Railway, NF Railway, South Eastern Railway and Metro Railway Kolkata and their teams and Unions, examining all relevant issues in detail. The Committee got rich insights on different aspects of the election process during the discussions. Earlier, the Committee had also interacted with the Supervisors of Crew Lobby at Ghaziabad, Northern Railway to understand the process of voting by running staff, which is one of the most critical factors in the election process. A visit to the Electric Training Centre Ghaziabad helped us to firm up our views on the process of voting by Railway Servants undergoing training at various training institutions. Protocols followed in some of the major public sector organisations, where secret ballot elections are held such as Airport Authority of India, BHEL and BSNL, were also studied to learn from their best practices.

The Committee held formal meetings with top leadership of AIRF, NFIR, DREU, BRMS, SRBKU, TMC & RMU for discussing the views furnished by them, which had strong value for the election process.

One major demand made by many stakeholders was to conduct the elections through EVMs. Since no trial has been made on Indian Railways so far, it was not possible to introduce this mechanism in this election. However, to ensure that we do not always remain behind the curve, it has been decided to make a trial for use of EVM in current Trade Union elections. GM, Metro Railway Kolkata has been very proactive in this regard by agreeing to conduct the pilot project on his

SBE III Final Modalities

Railway by making all arrangements. The pilot project will have no bearing on the result of the elections and its outcome will only be used by GM, Metro for making recommendations for use of EVMs in future elections. GM, Metro shall develop the protocols for this trial with few EVM machines running parallel with polling booths.

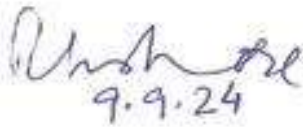

Lastly, based on all these interactions, we shared the key issues requiring railway administration's viewpoint with concerned Railway Board authorities, who furnished their views. Based on all these inputs, the SBEC has framed these "Final Modalities", which while retaining the spirit and framework of the previous two elections in 2007 and 2013, have tried to capture the changes in the ecosystem over the last decade. It has been designed to empower voters, election officials and stakeholders with the knowledge and tools necessary to navigate the complex landscape of elections. These modalities attempt to cover the entire spectrum of electoral processes and present a comprehensive guide to the electoral process.

The Committee has tried to elaborate on almost all the aspects which it feels would be of benefit to the Railway Administrations, as well as to the contesting Trade Unions.

We hope all the stakeholders will come together with best of intentions and efforts for conclusion of third 'Secret Ballot Elections' on Indian Railways, so that the outcome reflects the true will of its highly acclaimed work force.

5.5 In case situations as stipulated in preceding section 5.1,5.2 and 5.4 do not arise, the TU securing maximum number of TVVP shall be considered for recognition provided it secures 20% or more of the TVVP. 16.34 No separate space/column for putting stamp is being provided in the Ballot paper as it may lead to invalidation of votes if a careless voter inadvertently stamps on the symbol or name of the union, instead of stamping on the given allotted space/column. Therefore, a voter may affix stamp on any of the five columns (including on 'Serial No' column) against any one TU in the ballot paper.

16.35 Record of Election Proceedings: At each Polling Booth, a register shall be maintained wherein the entire proceeding followed during the election/voting shall be recorded. 16.37 Intimation of this decision of re-polling shall be conveyed to the controlling authorities of all such units for which booth(s) was set up. The controlling authorities, in turn, should arrange to put up Notice immediately and spare the voters to cast their votes again. However, if a need is felt to transport the Ballot boxes by service train then the Railway authorities should make proper arrangements for their transportation by the train under the security of RPF/RPSF guards and nominated Railway functionaries. Thus, if the stamping is done in such a manner that more than two-third of stamp falls on any one symbol/Trade Union name or its row, it is to be treated as valid; (iii) The Ballot Paper contains any indication (other than stamp) viz. name of the voter, her/his signature or any form of written message etc.; (iv) In case of any dispute in this regard, decision of Presiding Officer shall be final.

Postal Ballot System(PBS)

Part-I

1. Common protocol for Issue, Casting and Accountal of Postal Ballot : Following protocols shall apply to all categories of PBS beneficiaries, unless specified otherwise.
2. Voters eligible to avail the facility of PBS should apply for a PBS form given at the end of this Annexure, requesting for postal ballots. On the basis of such request, their Returning Officer (RO) shall provide, through their controlling supervisor, postal ballot papers along with a stamped-envelope (franked through Post Office/normally stamped) which has address of the RO mentioned clearly.
3. The words “PBP” shall be stamped and signed by ‘Asst Returning Officer’ at the top of the normal ballot Paper without indicating serial number (on the ballot paper) of the counter-foil. The name of voter (as entered in Voters’ List) should be noted on counter-foil of PBP. Thereafter, PBP should be detached from the counter-foil.
4. The acronym PBP should be written against the name appearing in Voters’ List without indicating the serial number of counter foil of the Ballot Paper issued.
5. Counter-foils of PBP issued should be sealed in a separate packet. Date on which the packet was sealed should be indicated. Brief description of the contents with serial numbers of the counter foils of PBPs dispatched to voters should be indicated in this packet.
6. Returning Officer shall arrange to send to PBP-eligible voters (i) One self-addressed (i.e. addressed to concerned RO) and pre-stamped/franked envelope (i.e. ‘Return Envelope’) so as the voter can send back to concerned RO the voted/stamped PBP; and; (ii) Postal Ballot Paper. These two items should be put inside a large envelope. Such large envelope shall be addressed to the voter.
7. Aforementioned large envelope should be dispatched to voters through Speed post/Registered Post/by Dasti/any other safe mode to be decided by RO. The voter can also collect it personally.
8. Such ‘Postal Ballot Papers’ (i.e. PBP) must be delivered/despached by due date as per Schedule notified. List of such Railway Servants in favour of whom

Postal Ballot is being issued shall be put on Railways' website.

9. The Voter shall cast her/his vote in a confidential manner and seal the voted-Ballot paper in the stamped-envelope. He will then post it to the concerned Returning officer so as to reach her/him latest by closing hour of the last date of polling. He can also deliver it personally to RO/ARO's Officer. Voted postal-ballot paper can also be dropped personally by the Voter in the Ballot Box kept for this purpose in the custody of Returning Officer. They cannot be dropped in any other polling booth
10. Postal Ballot received after closing hour of the last date of polling shall not be entertained and will be treated as 'invalid vote'.
11. The Returning officer shall account for all such postal ballots separately and add them (before finalizing result) with the votes cast at different Polling Booths. Postal Ballot shall be counted in Returning Officer's office in presence of 'Counting Agents' of TUs on the fixed day of counting so notified.
12. The final result shall be declared after counting votes by both the methods together (i.e. normal voting plus the Postal Ballots).
13. Railway Administration/Returning Officer will not be responsible for any postal delay or postal losses.
14. The ROs should ensure that the number of "PBPs received back" should not exceed the number of "PBPs issued" to eligible voters. It should be ensured that non-eligible voters (not eligible for PBPs) do not exercise ballot through PBPs.

Part -II

Specific protocols for different categories of beneficiaries

1. **Those booked on SBE Duty:** Such Railway Servants shall be identified well in advance, with reasonable number of reserve candidates.
2. **Railway Servants undergoing Training:** Training institutes should organise only such training programs during the polling days, which are inescapable and cannot be avoided, so that maximum possible number of Railway Servants are available at their workplaces to exercise their voting right. For those Railway Servants, who have to kept under training at the training institutes during polling days, following provisions are made for their voting:
3. Trainees who belong to the same Zonal Railway on which the Training

Centre is situated will be eligible to vote at the nearest polling booth meant for open line Railway Servants. They would not be eligible for “Postal Ballot System”. Returning officers, Presiding officers and ‘Training Centre In-charges’ (TCI) will have to coordinate very closely to include names of such employees in the Voter List for that polling booth. The TCI shall organise to release the trainees in suitable batches under supervision of Instructors to cast their votes smoothly.

4. Trainees who belong to Zones/PU other than the one where the Training Centre is situated shall be eligible for Postal Ballot. TCI shall advise the ROs/POs regarding the details of such Railway Servants undergoing training so that they can be considered for postal ballot and the common protocols shall be followed thereafter.

5. Railway Servants likely to be away on Train Running/Escort Duties/Train Checking duties during the dates of Polling:

6. Railway Servants, who are deployed for Train running duties, Train escort duties and Train checking duties and are not expected to return to HQ within the days of polling, shall be allowed the facility of PBS.

7. **Running Staff:** Since it is not feasible to identify deployment schedule for majority of such staff much in advance to plan for their postal ballot, it has been decided to have polling facilities only for running staff in limited polling booths on third day (i.e 6th December, 2024) of the polling. However, if Presiding officers can identify running staff well in advance to meet the timeline prescribed for postal ballot system, they may extend PBS facility to them.

8. Presiding Officer shall frame/issue guidelines to decide well in advance the names of Railway Servants who shall be deputed for Train running/Checking/Escort duties (with suitable number of reserves) on the dates of polling, because of which they are likely to miss the opportunity to cast their vote in polling booths.

9. Controlling officials of aforementioned Railway Servants are directed to book Railway Servants in such a manner, as far as possible, to keep the numbers of staff eligible for PBS to the minimum. Such Railway Servants who are not likely to be present at HQ for physical voting would be required to apply for postal ballot given at the end of this Annexure. Thereafter, the common protocol shall apply to them.

10. Railway Servants on deputation: Regular Railway Servants working on deputation in Railway Electrification/Construction/other Projects within the Indian Railway system are eligible for the facility of PBS, subject to following

conditions:

(a) Railway Servants holding lien on Open line but deputed to work in RE/Construction/Other Projects, where cadre has not been closed (but posted within the jurisdiction of the Zonal Railway/PU) shall be permitted to cast their vote at the nearest Polling booth. Personnel Officer of the Project shall advise the RO/Presiding Officers of the Zonal Railway/PU in which that project is situated, regarding the voters working in that establishment. RO/POs shall arrange to include their Railway Servants in the Voters' list for that booth under information to all concerned.

(b) For a deputed Railway Servant working in a project (Located/posted on some other place i.e. not on lien-holding Zonal Railways/PU), the Personnel Officer of the Project shall advise all ROs/Presiding officers to which these Railway Servants respectively belong. The concerned ROs/POs shall establish their bona fides and arrange to include them in the Voters' list. Thereafter, RO shall arrange to despatch Postal Ballot Papers to such Project office for postal ballot voting by the eligible Railway Servants as per the common protocol given in Part-I above. It is clarified that such voters shall have to make request for PB paper from RO on their own as it is not feasible to contact individuals working on deputation and advise them to place request. ROs/POs should include such provisions in their communications.

11. Railway Servants, working on deputation outside railway system for example in PSUs or in other Government Department, may cast their vote on their own in their lien holding office in respective Zone, where their name should be included in the Voters' list. They are not eligible for Postal Ballot System facility.
